Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Residential Group Homes Energy Efficiency Project at 5N673 Santa Fe Trail Bloomingdale, IL 60108 in fiscal year 2027. The entity to receive funding for this project is DuPage County Health Department. The funding would be used to install energy efficient windows and energy efficient "cool" asphalt roofing shingles in DuPage County group homes which would offset the expense of utilities and result in a reduction in expenditures in the accounting unit that supports these programs. The project is an appropriate use of taxpayer funds because it will project will benefit DuPage County adults living with severe mental illness living in the subject residential group homes which will allow them to continue living as independently as possible in their community. Additionally, the savings provided by this project will allow the County to reduce this program's reliance on county tax dollars and enhance services and programming to residents of DuPage County who need Behavioral Health services.

The project has a federal nexus because of 5305(a)(2) - the acquisition, construction, reconstruction, or installation of public works, facilities, and site or other improvements.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Raja Krishnamoorthi

Member of Congress
