H-305, the Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Tamms Farm Water Treatment Facility at 1496 Gast Rd. Hampshire, IL 60140 in fiscal year 2027. The entity to receive funding for this project is the Village of Hampshire. The funding would be used to provide clean and safe drinking water to the northern portion of the Village. It will also act as a redundancy for the Village's potable water system in the situation another water treatment facility serving the Village is not operable and requires repairs/maintenance. The project is an appropriate use of taxpayer funds because it will benefit the residents and businesses of the Village of Hampshire by providing clean and safe drinking water.

The project has a federal nexus because of 5305(a)(2) - the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Raja Krishnamoorthi

Member of Congress
